BIOGRAPHY

Born Thomas L. Fevrier. in Mon Repos, St. Lucia, the artist known as Mr. Platinum and his charismatic alter ego De Big Bad Wolf carry the rhythm and storytelling legacy of his father, St. Lucian cultural icon Hubert "Breeze" Fevrier.

Now based in Baytown, Texas USA, he fuses Reggae, Afrobeat, and R&B with Caribbean soul and global flair. His sound embodies love, resilience, and transformation — every song a vivid chapter of his journey.

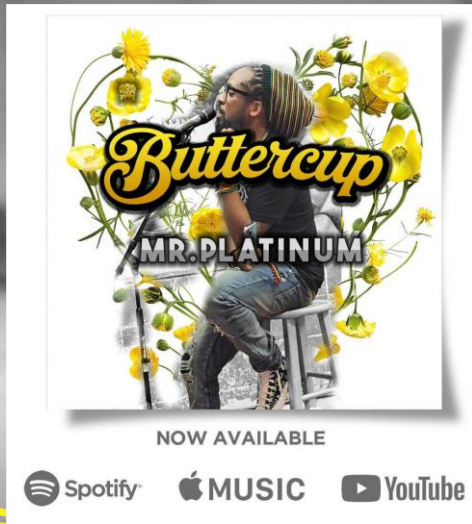

"My music is my journey — a reflection of where I've been, what I feel, and what I dream."

As founder of PMD MUZIK, Mr. Platinum built more than a label — he created a movement uniting diverse sounds and cultures through rhythm, vision, and legacy.
